Importance Of Digital Library In Present Era

Dr. Rameshwar Suryabhanji Pawar

Librarian Shri Gurubuddhi Swami College Purna (Jn) Dist. Parbhani (MS)

Keywords : digital and paperless library, scanned document

Introduction :

Today's era in electronic era information explosion and globalization internet and world wide web have important resources of information the sources of digital library depends upon how quick users can the useful and appropriate information digital library have different types of information such as text, video, audio, pictures, photographs.

All reading material published in digital forms such as books, periodicals conference proceedings journal , reports Research paper symposium, discussion and thesis the information generated is stored in libraries and information center. digital library providing fastest service to its user . in this present paper researcher have been study of digital library definition, components, objectives ,steps of digital library

Objectives :

Today's era is digital era digital library play important role in this era. Researcher have following objectives in this research paper

- 1) Digital library is no different from those conventional library
- 2) To provide tools of digital library
- 3) Definition of digital library
- 4) Components of digital library
- 5) Sources of digital library digital library
- 6) Steps of digital library

Hypothesis :

- 1) study of contribution in digital library in present era
- 2) study of digital library is paperless library
- 3) study of components of digital library
- 4) study of steps of digitization
- 5) study of digital library

Data collection :

researcher have been using a different types of sources such as internet , Wikipedia , books ,conference proceedings and digital library study material these sources using in this research paper and data collected data for his studies.

Scope and limitations :

Present research paper is related digital library .in this research paper presented sources of digital library and its components.

Definition of digital library :

The following writers have given in his opinion and definition of digital library

1 According To Mike Girard :

" To translate into digital form optical scanners image by translating them into bit maps it is also possible to digitize sound video and any type of movement in all these cases digitization is performed by sampling at discrete intervals to digital sound for example a device a sound views amplitude many times per second .These numeric values be then be recorded digitally"

2 According To Diane Crawford :
